

Dear Guidance Councillors,

Medical Poland is an Admission Office supporting foreign students when applying to public medical universities in Poland. We support candidates to programmes such as:

- Medicine
- Dentistry
- Physiotherapy
- Pharmacy
- Nursing
- Veterinary

We are extremely happy to provide you with the information regarding undergraduate MD studies in Poland. We hope you find the material below efficient and in case of any further questions please do not hesitate to contact us at support@medicalpoland.ie. We appreciate your interest and inquiries as they guide us while modifying this document, so it becomes tailored to your needs.

If you decide to provide us with more specific information about the group you are counselling, we are also happy to prepare the material specially dedicated to your students.

Medical Poland team

Medical Poland represents Polish medical universities offering the opportunity to study Medicine (4 & 6-year MD), Dentistry, Physiotherapy, Pharmacy, Nursing and Veterinary through English in Poland.

We have helped dozens of international students embark on their medical journey in Poland. We guide students through the application process, help them access medical schools, prepare for interviews and support them in starting medical careers (both in Poland and home countries). We make sure that our students receive the best quality of education, support and feel comfortable representing them in Poland.

The qualifications gained through studying at Polish medical universities are **recognized all over the world**. State-of-the-art educational facilities, small groups, the faculty with international experience and low living cost: these features make Poland a **great place to start medical career**.

It is not required to sit or pass HPAT exams to study medicine in Poland.
